TWENTIETH ANNIVERSARY OF A YOUNG PIONEER COUPLE	
---	--

Mr. and Mrs. Frank Meyers celebrated the twentieth anniversary of their wedding yesterday when a party of eight close personal friends sat down to dinner prepared by the hostess herself. The couple was in receipt of many pretty and valuable presents including beautiful hand painted china. The host and hostess have been identified with southern Nevada from the inception of the boom and their numerous friends called during the day to pay their respects and wish many happy returns of the day.

TONOPAH AMBULANCE REGIMENT  
OPEN BARACKS ON SATURDAY

The formation of the girl's and boy's division of the Tonopah ambulance regiment was begun yesterday afternoon when a largely attended and enthusiastic meeting was held in the Air dome for that purpose. Mrs. E. S. Grigsby and Mrs. J. A. McLaughlin superintended the affair, the youngsters in many cases having already selected their squad captains and lieutenants.

This division, which will be limited to 150 boys and 150 girls, was recruited to over three fourths its full strength at the meeting yesterday. Remarkable as that record is, it is still more remarkable when one considers how many are out of town at present.

The G. A. R. barracks in the Richard mercantile building, are already taking on a cozy and home-like air. By Saturday they will be fully arranged and everyone is cordially invited to attend the house-warming on that day. Open house will be kept both afternoon and evening. No admission will be charged. The most talented entertainers in Tonopah have freely offered their services and they will make the affair one long to be remembered.

A most wonderful punch has been evolved by some of the clever members of the regiment. This has been

accepted as the official punch of the organization and will be served at all regimental affairs. The recipe for this marvelous beverage is being kept a profound secret, and if divulged, would doubtless bring about a court martial if the guilty one could be found.

Every item of Saturday's entertainment is being thought out with the greatest care, even to the paper napkins. A committee of sixteen has been detailed to decorate them by hand with the monogram of the G. A. R. The work is being done this afternoon under the direction of Mrs. Arthur Neih, who is a clever water color artist.

One feature of Saturday's affair will not be made public until that day. It is the original idea of one person and when those who come to the barracks on Saturday and see its beauty of thought and feeling expressed through the loveliness of form and color, you will know that only the soul of a poet and the warm heart of a woman could have conceived it.

The following ladies will take turns presiding at the tea table during the afternoon and evening: Mrs. S. M. B. Wheeler, Mrs. Gadora Horton, Mrs. M. C. Corson and Mrs. Cartee. The list of entertainers will be printed tomorrow.

HEAT IS AS YOU  
FEEL HUMIDITY

While the mercury has not been anywhere near the height of last week there are more complaints of the weather which many persons insist is worse than at any former time. This may readily be explained by reference to the matter of relative humidity. On July 11th when the records for the Tonopah station were broken by a thermometer reading of 95 degrees at 3 o'clock in the afternoon the humidity was only 12 per cent. Yesterday the maximum was 91 degrees or four degrees less than last week but, owing to the humidity, or amount of moisture in the air, being greater or 26 percent the sensation of heat was worse than what was experienced when the mercury ranged four degrees higher. This is why a lower temperature on the coast or at Chicago conveys greater suffering than in the high altitudes where there is little moisture. When the humidity is great the body retains the heat and the pores are closed making the individual complain of oppression.

POTASH DEPOSITS  
OF NYE COUNTY

QUIET MOVEMENT IN THE AMARGOSA VALLEY THAT MAY START BOOM

Without ostentation but with great persistency during the past two months there has been a steady movement in locating public lands in the lower part of Amargosa Valley, between Leeland and the California line where Inyo county cuts across the southern end of this state. These entries have been made under the saline laws which compel the county surveyor to do the work of completing the survey for filing for patent. The men making the locations are believed to represent some of the big potash interests as they admit they are working for others and are paid for their services. It is estimated that the entries cover over 1500 acres and that as soon as preliminaries are dispatched the real motive of the locations will become apparent.

For years there has been no secret about the presence of scientists along the Nevada California border and it begins to look as though the real object of their mission was searching for potash or alumite deposits.

## MANNING A CANOE.

The Bow Paddler Should Be Both Cool Headed and Skillful.

Contrary to the general notion about the relative importance of those in a canoe's manning, the bow paddler stands first. Among Indian voyagers he is the captain of the crew. His will is law.

Not arbitrarily is a captain's power vested in the bow paddler. It is the outcome of experience, and the basis of it is skill. The advantage of a canoe is this, that, being lighter in draft than any other known craft, it can be taken into very shallow water.

And just here, accompanying this advantage, lies a danger which the bow man must be able by his skill to meet. It is his business to watch for and avoid obstacles—snags, "dead heads," slightly submerged tree trunks and shoals—and the last two are sometimes very difficult to see before one is almost upon them. But a bow man must be able to see them. Much is at stake, life itself even.

Especially in certain kinds of rapid running it is his trained eye for navigable water and his skilled hand quick to guide the boat into it on which the safety of the crew depends.—Outing.

HEART TOO BIG  
FOR THE ARMYYALE FULLBACK REJECTED  
WHEN EXAMINED FOR  
ARTILLERY

(By Associated Press.) FORT SHERIDAN, Ill., July 19.—Major Charles R. Vincent of the First Illinois Field Artillery, all-American fullback when he was at Yale today was rejected because he did not meet all the physical requirements of the service. Army physicians said his heart was too big.

BUTTE MINERS MAY  
END WAGE STRIKE

TRADES COUNCIL AND MINING COMPANIES ARE HARMONIZING THEIR DIFFICULTIES

(By Associated Press.) BUTTE, July 19.—Indications are that the metal trades council committee and the mining companies will reach an agreement today on the advanced wages scale and contracts signed Saturday.

FATHER DERMODY  
REMAINS A MONTH

PASTOR OF GOLDFIELD WILL REMAIN IN CHARGE UNTIL AFTER THE FIRST OF SEPTEMBER

Father Dermody, of Goldfield left this morning on his annual vacation and his place will be taken by Father O'Grady, of Las Vegas who will remain in the southern camp for the next three weeks. After Father Dermody returns he will continue to look after his own and the Tonopah parish to allow Father Dias to leave for a couple of weeks. This will bring the date close to September when a regular priest will be appointed and Father Dermody will go to his new charge in Chicago.

IRISH SINN FEIN  
PAPER SUPPRESSED

(By Associated Press.) DUBLIN, July 19.—The newspaper Kilkenny People, conducted by Edward T. Keane, chairman of the local Sinn Feiners has been suppressed. The paper has had frequent difficulties with the censorship, but it is felt here that its seizure on the eve of the parliamentary election to replace the late Patrick O'Brien, nationalist, will assist the Sinn Feiners and prejudice any constitutional candidate. The Sinn Feiners will meet to select a candidate who now probably will be Keane himself.

Keep to Left is French Rule. French railways retain a curious trace of their origins. Contrary to the rule of the road, "Keep to the right," observed in the large majority of foreign countries, trains in France have always kept to the left, as in England. The pioneers of French railways were Englishmen (Sir Edward Brouet was chairman of the Chemin de Fer du Nord until 1808), and nearly all the engine drivers were for many years of the same nationality. These men followed the rules of the road they had learned at home and passed them on to their French successors.—London Chronicle.

## PERSONAL

MR. and MRS. J. A. McKAY and MR. and MRS. VAN HALLBERG have returned from a fishing trip to the Reese river country.

MISS CLARA LANE arrived this morning from San Francisco to join the Bonanza office staff as book-keeper and stenographer.

NICK ABLEMAN, of the Tonopah Club, will leave in the morning for a motor trip to San Diego and Southern California resorts.

MILTON DETCH, the Goldfield attorney and booster, is spending the day in Tonopah on legal business.

MRS. N. C. RICHARDS, of the Nevada hotel, Goldfield, and Mrs. Ewing Polson are visiting Tonopah and stopping at the Mizpah hotel.

MISS KATE SCHOEN of the local telephone company, returned today from a visit to Leadville, where she was visiting for the past month.

MRS. W. J. CAMERON and two children left this morning for Victor, Colo., where they will remain for the next six weeks.

MRS. R. P. DUNLAP was an arrival today from Los Angeles and will remain here with her husband and son for the next few months.

MRS. HUGH H. BROWN, accompanied by her little daughter Margery, was a passenger this morning for San Francisco to spend a month's vacation.

MRS. FRANK B. HENDERSON, wife of the helief of the Tonopah fire department, left this morning for Virginia City to visit her mother, Mrs. Moriarity. She was accompanied by her little son and daughter.

THOMAS LINDSAY, grand master of the grand lodge of Nevada, left this morning for Sparks to officiate as master of ceremonies at the high school corner stone laying under the auspices of the Masonic order.

MRS. WALTER B. ROUNTREE left this morning for San Francisco where she will join her daughter Gracella at Berkeley, where she will remain for several months while her daughter is attending the University.

JOHN SELSTROM, of the firm of Stewart & Sellstrom, automobile dealers, left this morning for Reno where he will take delivery of another Hudson Super Six which seems to be one of the popular cars in Tonopah.

SURVEYING FOR  
BATHING POOL

Surveyors began work this morning at the site of the proposed swimming pool for the purpose of ascertaining approximately the cost of completing the project before proceeding with the actual collection of funds. The matter is in the hands of local business men and will be carried through on business principles.

TRAP SHOOTER  
BREAKS RECORDS

YOUNG PROFESSIONAL FROM ST. LOUIS MAKES A NEW SCORE

(By Associated Press.) ST. JOSEPH, Mo., July 19.—Phil Miller, a young professional trap shooter of St. Louis made what is claimed to be a world's record here today when shooting in the western handicap preliminary he broke 98 Waggoner of Diller, Neb., took high honors in the western special missing targets at a 23 yard handicap. Cal. only one target in one hundred. In the shoot off for second place in the amateur section of the western handicap preliminary, M. H. Daniel of Durant, Okla., a Choctaw Indian, won with twenty straight breaks.

FIRST TRUCK COMES  
FOR BELLEHELEN MINE

Thomas T. Cornforth, of the Bellehelen Mines company, is here for the purpose of taking delivery of a new three ton Federal truck which will arrive some time during the day from Reno in care of Mr. Forsythe, of the Reno agency. This truck will enable the company to resume shipments to the West End mill where the ore has been treated with excellent results under direction of Superintendent Ninnis whose extraction has been all that could be desired. As soon as possible the Bellehelen company will add to its trucks until a regular fleet is in operation and the ore is moving into Goldfield at the rate of between 25 and 50 tons a week.

Last year the mean humidity for the month of July including the cool days when it would naturally be greater was only 14 per cent. The humidity today was even greater, marking 37 per cent.

## AMUSEMENTS

## BUTLER THEATER

The splendid work of Miss Shirley Mason, supported by Pat O'Malley, another favorite in the five reel photo drama "The Tell-Tale Step" at the Butler today, it is said to be of unusual merit. Shirley Mason has proved conclusively that she is to be ranked among the foremost stars of filmdom. As the blind daughter of Giovanni Pallazzi (a refugee from his country where in his younger days he associated with a rough set now banded in a blackhand society) she is especially appealing and her sweet personality shines throughout the five reels. This story exposes in an interesting manner the machinations of one of Italy's secret organizations and is proclaimed by critics as one of the most gripping photodramas of the day. The story was written by William Addison Lathrop. Full particulars of the war in Pathe News today and every day that it is shown. Tomorrow George Walsh is a happy book agent in the new fun drama "The Book Agent". See George tomorrow and see him at his best also a Max Sennett comedy come and have a laugh with us. Matinee 1:30; Evening 7:15 and 8:45.

## ST. PATRICK'S CARD PARTY

The ladies of the Altar Society of St. Patrick's church will give a card party and ice cream social at Knights of Columbus hall on Tuesday evening, July 24th. Prizes will be offered and a general invitation is extended. Adv. J-17-19-21

## BIG ORDER FOR WHISKEY

In anticipation of the advance in internal revenue duties Nick Ableman placed an order yesterday for \$10,000 worth of whiskey to be taken from the bonded warehouse. This is one of the largest orders taken from this camp and one which was surpassed in the early days when whiskey shipments were more common than water.

Wonderful Soda--  
That's what they all say

—and why wouldn't they say it? It certainly is the most wonderful soda we have ever seen, and probably the very best soda that can be produced today. That is the reason. First, purity of ingredients, then careful manipulation, then a sanitary fountain and the cleanest and nearest service. That's what makes it good. That should appeal to you, and induce you to meet and treat at our fountain, now and for the balance of the summer. Any flavor you want; all the old-timers, and the newest ones.
